Question Number	RFP Section Reference	RFP Page Number	Question	State Response
1.			Whether companies from Outside **USA** can apply for this? (like,from India or Canada)	Companies can respond but all hosted software, disaster recovery sites, and load balancing operations sites will reside in the United States. All services performed by the Contractor will be within the United States.
2.			Whether we need to come over there for meetings?	Yes
3.			Can we perform the tasks (related to RFP) outside **USA**? (like, from India or Canada)	All hosted software, disaster recovery sites, and load balancing operations sites will reside in the United States. All services performed by the Contractor will be within the United States.

4.			Can we submit the proposals via email?	No
5.	IV. A.	30	Would the State of Nebraska consider a custom built application/system instead of a pre-built solution to begin with?	No
6.	IV. F. 4.	34	Would the State of Nebraska consider technologies including Oracle, Java, or MySQL?	Java is acceptable; MySQL data base and Oracle data base are not acceptable.
7.	D.7.a	42	Is it a manual process to split the fees into different funds? Or is that automated based on a system value?	Currently this is an automated process in the system based on the statutory requirements. And the same process will be used with the new system.
8.	UCC-6.G	RTM 50	What happens throughout the court process?	Not relevant to this RFP, as this is a manual process. The Secured Party or Debtor will provide SoS the certified copy of the court order or judgment necessary to determine next steps for system filing action(s).
			Will we need to send documents to external users?	Documents do not need to be sent to external users pertaining to UCC-6
			Or track the process of the court's actions?	No, SoS does not track the court's actions pertaining to UCC-6.
9.			We would like to attend the second pre-proposal conference in-person. Should we submit Form B?	The second pre-proposal conference is via teleconference only and Form B is not mandatory.
10.			When would the State like this solution implemented? What is the State's preference for a go-live date?	See RFP Section IV. L; Deliverables.
11.			How many users require training? How many are IT/system administrators? Does the State prefer a Train-the-Trainer method?	See RFP Section IV. I; Training.
12.			How much data conversion is involved?	See RFP Section IV. G. 4; Data Conversion
			How much data?	See Attachment A-Requirements Matrix REVISION 3. PPM-2
			How many databases? Tables? Rows?	Appendix B, H, and I includes two databases with an estimated 235 tables. Rows are not

					tracked.
					See Appendix J for additional data to be converted.
13.				Would the State release the names and companies of the pre-proposal conference? We are looking for subcontractors to assist with this implementation. Section IV.A has been replaced and superseded in its entirety with the following:

The purpose of this RFP is to replace the existing custom software used by the Business Services Division of the Secretary of State's (SoS) Office, with a new Business Services Filing System (BSFS) that:

1. Uses modern technology that is supportable using local resources and can be configured using SoS internal IT resources.
2. Improves all levels of functionality of the existing system and expands services currently provided.
3. Eliminates existing silos in the current system so that filing processes, accounts receivable, and deposit preparation are completed in one system.
4. Provides extensive reporting capabilities both standard and ad hoc.

The existing business services software is used to file and generate a variety of documents within the SoS Office. These documents include all Corp filings and other filings made pursuant to the Uniform Commercial Code, revised article 9. The software is also used to file federal and state tax liens, judgment liens, farm product security filings, trade names and trademarks, and a variety of other statutory filings. The software interacts with an OnBase image library, online filing services, and the state's accounting system.

Section IV.B has been replaced and superseded in its entirety with the following:
